

## LOMOND SYRAH 2018

### BACKGROUND

Lomond, in the Gansbaai area, is situated in the valley of the Uilenkraal River and located at a most southerly latitude - 34° 34' south. It is one of a handful of wine farms within the Cape Agulhas appellation of origin. Altitudes vary, with some blocks around 50m above sea level, while others are located around 100m above sea level, with an unhindered exposure to the sea. However, even the lowest-lying vineyards still benefit from the cool maritime winds.

Lomond's geological formations are unique. The soils are mostly of sandstone and shale origins with the intrusion of granite in sections creating lean, gravelly soils. This marked diversity of soil types combined with the valley location allow for the production of superb 'single vineyard' wines from individual vineyard blocks. Lomond is a member of the Walker Bay Fynbos Conservancy and is a member of the Biodiversity and Wine Initiative (BWI), which rewards producers for sustainable wine-growing practices.

### VINEYARDS

The vineyards are planted in north-west facing blocks on the lower reaches of the farm in sandy, gravelly and highly weathered soils with a clay substructure.

Obsessive attention to detail and adherence to the best viticulture practices is observed. Respect for the vineyard drives our winemaking process

### WINEMAKING

The hand-picked and hand-sorted grapes were destemmed, crushed and inoculated with a selected yeast culture. The different vineyard blocks were vinified separately during fermentation. On completion of fermentation, the wine spent a further three weeks on the skins for optimal extraction of colour and flavour. The free-run juice was then drained off and the skins pressed gently into first, second and third-fill barrels. Malolactic fermentation occurred naturally after which the wine was racked. The wine matured for a period of 14 months in French barrels. The barrels were then tasted and screened to ensure that only the best barrels were selected for fining and filtration and blending. This results in a wine which greater than the sum of the individual parts.

<b>COLOUR:</b>	Deep ruby red
<b>BOUQUET :</b>	Expressive aromas of spice, violets with beautiful blackberry undertones.
<b>TASTE</b>	Abundant aromatic flavours of white pepper with dark fruit and well-structured tannins. Elegant.

### CHEMICAL ANALYSIS

<b>ALCOHOL</b>	:14%	<b>RESIDUAL SUGAR</b>	: 2.9 g/l
<b>TOTAL ACIDITY</b>	:5.2g/l	<b>PH</b>	: 3.6

### AWARDS

ShirazSA Top12  
James Suckling

Winner  
91 Points

WINEMAKER : Hannes Meyer | APPELLATION: Cape Agulhas | GRAPE VARIETAL: Shiraz
